Merry Christmas

FALL FEST CONCLUDES OUR REGION'S AUTOCROSS SERIES FOR 2010

Autocrossing is an entry level type motor sport which allows the cars owner to experience his/her autos ability to accelerate, brake, and take turns 'on the edge'. Since we drive the Porsche brand, we know that the factory designed its cars to do just that. That..being to enjoy our cars in an atmosphere providing opportunities to exercise our cars.

This years (and hopefully next, as negotiations are still underway) sponsor is Eurotech of Knoxville. Both Rick and Janis Berry are avid Porsche enthusiasts, as well as being great sponsors! They autocrossed their Eurotech liveried 944 all year, switching to a 911 Targa for Fall Fest. Thank you guys!!!

Jonathan Foulds, our autocross chair, had an opportunity to apply his course design techniques to a new lot for this years' Fall Fest. Splash Country USA, adjacent to Dollywood in Pigeon Forge, was the site of Fall Fest, and will be also for some early 2011 autocrosses, as well as Spring Thing 2011. A huge, fourteen acre site, allowed Jonathan to lay out a quick, top of second gear event, comprising of an eight pylon chicane, four huge 180 degree sweepers, and two other 'offset gate' sections. Times were plus/minus 50 seconds. Saturdays participants (65 drivers, mind you) had six attempts at the course, whereas Sundays PCA only event had eighteen drivers who got eight tries at the same course, left up over night. Sunday's results are posted at the end of this article.

Not to be outdone by the guys, Mary Nell Biehler, and Cathy Hutchins put together a very nice Saturday evening social, attended by thirty-three PCA'ers. The event was held at the Applebarn Restaurant, offering some very good 'country' cooking. Thank you ladies!!!

Another good event, offering a new venue, great friends, wonderful weather, and of course Porsches! See you next time!

For Sale, '86 944 Turbo non-sunroof coupe. Only 25K of the 944 turbos were produced world-wide (all years) and a much smaller number (10 – 15%) came without the sunroof (called the 'sunroof delete' option). Same PCA owner for 12 years, all service up to date. The car was on the dyno on 2/12/09 and ran ~220 horsepower at the wheels. All books and records since new, including the original bill of sale, ~\$30K in 1986. PCA valuation form that I received in 10/08 had a range of \$8290 to \$14,970 and an average of \$11,630. Many modifications, but still looks and drives like a street car. Asking \$8500.
